# A MESSAGE FROM PAST MCAA PRESIDENT, RYAN ROSS

Welcome to the 48th Annual MCAA Conference: “Tomorrow Starts Today”

On behalf of the Officers and Executive Board of the Maryland Correctional Administrators Association (MCAA), it is my pleasure to welcome you to “Tomorrow Starts Today,” the 48th Annual MCAA Conference. As always, our dedicated Conference Committee has worked tirelessly to deliver a program that is both informative and relevant for today’s corrections professionals. We extend our sincere thanks to them for their time, energy, and commitment in organizing this impactful event.

The MCAA Conference is much more than a training symposium. Our Annual Awards Ceremony continues to be the highlight of the conference, and this year is no exception. With the valued support of our sponsors and exhibitors, we proudly honor the 2024 Officers and Employees of the Year, welcome our newly elected Executive Board, and recognize the recipient of the Community Service Award, whose outstanding efforts have made a lasting impact within our communities.

We are truly excited that you are here. Throughout the conference, we encourage you to engage fully with the sessions and take time to connect with our exhibitors and sponsors—critical partners who help move our profession forward. Be sure to visit the exhibitor hall and explore the wide array of products, technologies, and services on display.

As we continue to grow and modernize, we’re proud to announce recent enhancements to the MCAA website, which now offers improved accessibility, updated resources, and streamlined communication tools. Even more features are on the way—stay connected and explore what’s new at marylandcaa.org.

The MCAA Legislative Committee also remained active, continuing its important work virtually with weekly meetings during the legislative session. These meetings were both informative and strategic, with thoughtful planning and testimony that contributed to meaningful legislative outcomes. While the 2025 session is on the horizon, preparations are already underway to ensure we remain engaged and effective in our advocacy.

It has been an incredible honor to serve as MCAA President over the past two years. As I conclude my term, I reflect with pride and gratitude on a truly rewarding experience. I am deeply appreciative of the support and collaboration I’ve received from colleagues across the state.

Lastly, always remember: the work we do matters. The future of corrections in Maryland is shaped by the choices we make and the commitment we bring to our roles each and every day. Tomorrow starts today. Congratulations to our Officers and Employees of the Year, our new Executive Board, and our Community Service Award winner.

Warm regards,

Ryan Ross

## Greg Guiton & Gregory Hanna Jr, Heroes Corrections

heroes CORRECTIONS
ACTIVE BYSTANDERSHIP TRAINING

### ARE YOU THE NEXT HERO? LEARN HOW ACTIVE BYSTANDERSHIP PREVENTS HARM

Active bystandership, largely based on the research of Dr. Ervin Staub, has been implemented in 390+ law enforcement agencies, state correctional facilities, and county jails with one clear aim: to prevent harm. Stakes are high in corrections, which can escalate quickly to outcomes that erode community trust, further degrade the health and wellness of employees, harm justice-involved persons, and cost stakeholders millions. Yet, the inaction of peers in the workplace is also responsible for risky moments becoming dreadful outcomes. Learn how active bystandership brings social science to jails for organization-wide impact. This highly interactive session is intentionally designed to activate and engage attendees, integrating research and social science to invoke curiosity and conversation about how investing in your workforce shifts the culture to the prevention of harm for all parties.

**Greg Guiton**

Greg Guiton is a retired captain and 34-year veteran of the Ocean City, Maryland, Police Department. He began his career with the agency in 1984 when he was hired as a police officer. He served in numerous Divisions throughout the Department and served in supervisory/management roles such as Commander of the Office of Professional Standards, Assistant Commander of the Patrol Division, Assistant Commander of the Administrative Division, and Commander of the Support Services Division in his final 6 years with the agency. Greg is a graduate of the 215th Session of the FBI National Academy and the 33rd Session of the Police Executive Research Forum's Senior Management Institute for Police (S.M.I.P.). Greg has been a member of the Maryland/Delaware Chapter of the FBINAA since 2003 and served on the Chapter's Executive Board from 2013 to 2018, serving as the Chapter President in 2016.

**Gregory Hanna Jr.**

Captain Gregory Hanna, Jr. retired in 2020 from the Metro Transit Police Department in Washington, D.C. after 27 years of service. During his tenure with the department, he served in numerous leadership and command roles, which included leading the Honor Guard Unit, Commander of the Special Weapons and Tactics (SWAT) Team, Section Commander of the K-9 Unit, Precinct Commander, Commander of the Criminal Investigations Division, Watch Commander, and Commander of Internal Affairs. He was instrumental in the design and implementation of the agency's internal investigation tracking and accountability system (IAPro and Blue Team). His strategies led to a comprehensive department-wide early warning system to proactively identify emerging issues for early intervention. In 2016, he was instrumental in the development and implementation of the department's first Summer Crime Initiative. The introduction of this program integrated weekly COMPSTAT crime strategies and the use of GIS technology to identify emerging crime patterns, crime hot spot mapping, resource allocation for crime reduction, and opportunities for community outreach events.

At DIS&C we have a passion for improvement and a drive to help people and facilities reach their full potential. We begin with a site evaluation and conversations with leadership to develop a plan that meets the agency's specific needs. We then provide a full range of correctional healthcare consulting services based on the plan we develop together. We offer contract monitoring services that can improve the quality of care and protect facility leadership and boards from vicarious liability. For facilities that operate their own healthcare, we provide the off-site management assistance that comes with contracting out healthcare operations at a fraction of the cost. DIS&C also assists facilities facing challenges that are temporary but overwhelm existing resources, including ACA accreditation, settlement agreements, performance improvement projects, and sentinel event recovery.

## A Correctional Officers Prayer

*Lord, when it's time to go inside, that place of steel and stone,*
*I pray that you will keep me safe, so I won't walk alone.*
*Help me to do my duty, please watch me on my rounds.*
*Amongst those perilous places and slamming steel door sounds.*
*God, keep my fellow officers well and free from harm.*
*Let them know I'll be there too, whenever there's alarm.*
*Above all when I walk my beat, no matter where I roam,*
*Let me go back whence I came, to family and home.*

# COMMUNITY SERVICE AWARDS PROGRAM

The Maryland Correctional Administrators Association (MCAA) is dedicated to recognizing excellence and leadership within the correctional profession. MCAA proudly honors correctional employees or units from state or local jurisdictions who go above and beyond their official duties by voluntarily contributing outstanding community service. These individuals or teams are nominated for their efforts to improve the quality of life for residents within their local communities, across the region, throughout the state, or even internationally. Through this recognition, MCAA highlights the positive impact correctional professionals make both inside and outside the walls of their institutions.

## 2025 COMMUNITY SERVICE AWARD RECIPIENT

### Thomas V. Kimball

Deputy Director,
Wicomico County
Department of Corrections

Deputy Director Kimball has dedicated his time and service to the Veterans of Foreign Wars (VFW), Post #10159, through active involvement in the Military Assistance Program (MAP). This vital initiative serves as a bridge between the local VFW and the broader military community, offering support to service members and their families across the globe.

A key focus of Deputy Director Kimball's volunteer work has been with the Adopt-a-Unit program, an outreach effort designed to build meaningful, ongoing relationships with military units before, during, and after deployments. Through this program, he has helped deliver critical support and resources, demonstrating a deep commitment to those who serve our nation.

Deputy Director Kimball's efforts have directly contributed to MAP's broader mission, which since 2005 has impacted over 3.4 million service members and their families. This volunteer service reflects the values of dedication, patriotism, and compassion, and is a shining example of community service at its finest.
